Kelvin Norman (Aurora Sting Club Coach and earlier with Cherry Creek Lightning/Colorado Storm) died Tuesday night (11/8/05) in a double-fatal car accident on E-470 at around 5pm. He coached many players from Smoky Hill, Regis, Grandview, Overland, Aurora Central, Hinkley, Eaglecrest, and Cherry Creek high schools. He is survived by his wife Jeanne, daughter Samantha 15, and daughter Stella 11. This is really sad and there will be alot of grown men crying at his funeral.

This is a good background article about him:

It is his silver Toyota 4Runner that was run across the median onto oncoming traffic by a Jeep Wrangler that side-swiped him. They have the driver and passenger of the Jeep identified.
